

Acknowledgement to Authors and Reviewers

Emma Smith*

Managing editor, International Research Journal of Basic and Clinical Studies

Above all else, In the interest of the entire publication board and the publisher, I extend sincere gratitude to all authors and reviewers of the International Research Journal of Basic and Clinical Studies (IRJBCS). We were able to create IRJBCS a magnificent achievement because of the writers' and reviewers' negligible co-activity excitement, and soul. Authors have been a true source of inspiration and key in setting up IRJBCS among one of the best journals for publication in the subject of Basic and Clinical Studies. I thank them all for considering and believing in IRJBCS as a stage for publishing their important work. I also like to thank all of the writers for their thoughtful cooperation throughout the many stages of the IRJBCS article processing. For the achievement of any journal, reviewers are a fundamental part and subsequently they merit earnest appreciation. In determining the appropriateness of an article for publishing in IRJBCS, IRJBCS relies on the efforts and generosity of reviewers. I'd want to express my gratitude to our peer-reviewers who took the time to submit outstanding contributions to Basic and Clinical Studies. The contributions of reviewers are oftentimes utilized in improving the nature of a submitted manuscript. The evaluating of a manuscript is exceptionally fundamental to guarantee the quality of the article published in any journal. I thank all reviewers for their amazing commitments.

We understand how much work and effort goes into writing a good review, and we greatly value the time and expertise of reviewers who volunteer their time and expertise to provide critical feedback that ensures the high quality of research published in each issue of

the journal. I appreciate our reviewers taking the time and effort to provide thoughtful feedback, and we try to express our gratitude to them.

With the expanding number of manuscript entries this year, your convenient surveys were important to control the choice of unrivalled works for publication in the International Research Journal of Basic and Clinical Studies. The mind-boggling reactions from the authors and reviewers have been a genuine inspiration and backing in taking forward IRJBCS to the following year of its reality.
