

## Past Conference Report of Surgery 2020

**Curtis Bryan**

Tampa Bay Heart Institute, USA

AAC hosted the event of the 2nd International Conference on Surgery and Transplantation during February 17-18, 2020 at Paris, France with the theme "Exploring the Tailored Approach and Current Challenges of Surgery". Benevolent response and active participation were received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Surgery who made this event successful. The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current retroviral research. Surgery 2020 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Surgery. The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The panel discussion sessions started with the questions raised by the delegates towards the speakers had made this event much more interesting. We would like to thank our delegates from various parts of our world.

### Awards Winners of Surgery 2020

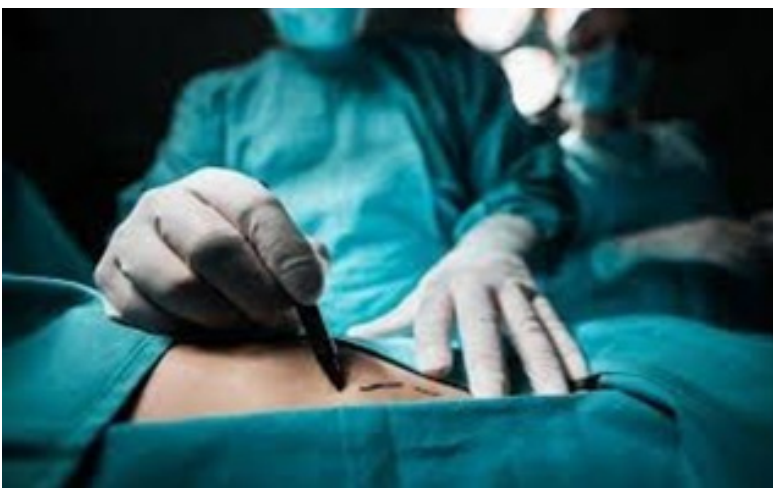

**Best Oral Presentation-** Mahesh Desai | Muljibhai Patel Urological Hospital | India

**Best Innovative Research-** Adel Goda Hussein Daibes | El Mounira General Hospital | Egypt
