## **World Nursing and Nursing Care Congress Announcement**

**Interactive Sessions and Panel Discussions on Nursing and Nursing Care  
October 26-27, 2020 | Toronto, Canada**

Lexis Conferences organizes the [World Nursing and Nursing Care Congress](#) on **October 26-27, 2020 in Toronto, Canada**. The milestone of the conference is to build strong networking with individuals from different countries and exchange the knowledge they have gained in the field of [Nursing](#) and [Nursing Care](#). After all, Nursing is a field that is growing steadily and has the potential value for the products in the world market. The organization provides a great chance for the experts who seek future in the field of Nursing and shows various applications and possibilities from different minds.

The most exciting part of the conference covers the scientific sessions, workshops and symposia. People from the industry also have a vital role to attend the conference to showcase, advertise and promote their products. Expos and Exhibitions make the conference livelier and more interactive. Highly affiliated people who attend the summit take the event into a quality international gathering platform to deliver the speech about their experience and accomplishments to the right audience. Lexis Conferences hope this conference can outrun the complications and limitations of nursing related problems by analysing the current scenario of the field.

Previous Global Summit on Nursing organized in San Francisco, United States Of America on September 20-21, 2019 was a successful and rewarding platform for the attendees, based on the theme **“The Art and Science of Family Nursing Transforming Health for Families”**. It wouldn't have been possible to succeed without the organizing committee, speakers, delegates, YRFs and the Edinburgh venue staff members, and media partners.

The scientific sessions of the conference include [Healthcare in Nursing, Nursing Education, Types of Nursing, Midwifery Nursing, Oncology Nursing, Nursing Care, Home Health Nursing, Nurses in Hospital Management, Nursing Research](#), etc. Each session contains sub-sessions that comprise most of the topics under Nursing and Nursing Care. The research work of the speakers will come under either of these sessions to make the conference more organized and mastery. The Nursing 2020 extends the invitation to the highly affiliated professionals from the academic and business category and the young researchers as well to develop and build their career in the right path. The awards for oral presentations, posters and symposia mould the conference as a unique gathering for the experts

across the world to provide the international forum to analyse the research results, new ideas and innovations

Knowledge seekers can contact the authorized personal for more details and about the registration process through website <https://www.lexisconferences.com/nursingcare>
