LexisConferences invites all the participants from all over the world to attend the prestigious scientific International Conference on "Global Summit on Data Mining, Big Data and Machine Learning" which is to be held during October 19-20, 2020 San Francisco, USA. It is among the World's leading Scientific and Technology Conference which hosts scientific sessions and sub-sessions on cutting edge research and latest innovations in the field of Data Mining across the globe. The attendees can find some exclusive sessions and panel discussions on latest originations in Data Mining.

Data Mining 2020 aims to bring together the pioneers in both basic and translational Data research and cover the research studies, fundamentals of Data cleaning and preparation

Tracking patterns, Classification, Association, Outlier detection, Clustering, Regression, Prediction, Sequential patterns, Decision trees, Statistical techniques, Visualization, Neural networks, Data warehousing, Long-term memory processing, Machine learning and artificial intelligence.

Data Mining 2020 Conference aims at bringing the advancement in the field of Data Mining, Big Data and Machine Learning at educating and informing environmental researchers, trade professionals with the newest information of technologies might be applied to counter the economic under-evaluation ecologist may face in their practice. Meet the eminent researchers working in the field of Science and Technology. This conference will be the best platform to explore your research work and innovations in the respective areas. This conference is focused on all the major fields of Data Mining. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at Data Mining 2020.

Prestigious Award for Young Research's at Data Mining 2020 - Discovering New Exploration in Data Mining field

Data Mining Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Data Mining.

Young Research's Awards at Data Mining 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Data Mining 2020 young research forum.

Benefits:

• 		Young Scientist Award recongination certificate and memento to the winners.

• 		Our conferences provide best Platform for your research through oral presentations.

- Learn about career improvement with all the latest technologies by networking.

- Young Scientists will get appropriate and timely information by this Forum.

- Platform for collaboration among young researchers for better development.

- Provide an opportunity for research interaction and established senior investigators across the globe in the field.

- Share the ideas with both eminent researchers and mentors.

- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience

- Presentation must be into scientific sessions of the conference.

- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).

- Age limit-Under 35yrs

- All submissions must be in English.

Data Mining 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Data Mining 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Data Mining 2020 more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

How to apply

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to dataminingconference@eventsupporting.org along with the online application form below.
